

Cocomas

the green coconut-based company

About us

SARIMAS GROUP is a group of companies engaged in plantation & processing industries for Oil Palm and coconut's derivative products.

PT. Cocomas Indonesia founded in August 2001 as a marketing company for SARIMAS GROUP with main focus on coconut's derivative products.

VISION :

Working together with the society to utilize the potential sources of existing natural resources through a partnership to build a business integrated agro-eco-friendly vision of "zero waste program".

MISSION :

- Develop cultivation of plants to create the competitive raw material in the global market.
- Process all the result of cultivation including wastes from each previous production process into high commercial value products for the local market and exports and realize the vision of friendly agri-business environment, "zero waste program"
- Develop a national and international marketing network.
