# VISION

To becoming the leading company in distributing products of agriculture and sea product of Indonesia, to all over the world.

# MISSION

- To maintaining the company commitment; maintaining customer satisfaction, and also maintaining the satisfaction of the group of farmers joining with our company.
- To improving and to preserving agricultural products, commodities of Indonesia
- To generating the innovation continuously and simultaneously, in order to preserve and improve agricultural products of Indonesia
- To Improving the quality of human resources in Indonesia (related with our company), so that the human resources are able to be honorable people, having qualified skill and ability that comply with international standard
- To sharing with others, preserving the sustainability of natural resources

## The Production

Our partnership with many groups of farmer from various provinces in Indonesia is very good, and during the partnership, we emphasize on many standardized procedures while undergoing the process of production, for example:

1. The process of planting and growing the plants  
The process of harvesting
3. The quality controlling to get the best quality of products
4. The process of product packaging and storing
5. The process of distribution

Those good procedures during the process of production ensure the quality of our products, so the customers are satisfied

Website : [www.purarejoagung.com](http://www.purarejoagung.com)

## OUR NETWORKS WITH MANY GROUPS OF FARMER

Our networks with many groups of farmer were built in many places in Indonesia, for example:

1. East Java
2. Central Java
3. West Java
4. South Sulawesi (South Celebes)
5. Southeast Sulawesi (Southeast Celebes)
6. East Kalimantan (East Celebes)
7. West Kalimantan (West Celebes)
8. Lampung

**Since our networks are very wide ranging, we can ensure that the quantity and supply of our product is sufficient for the consumers, so we can maintain the good cooperation with our customers, getting their loyalty and satisfaction.**

# VARIAN MUNGBEAN VIMAX 3 / DOVE GREEN

# VARIAN MUNGBEAN VIMAX 2 / GLOSSY

▶ VIMAX 2

▶ VIMAX 2

There are two kind of Indonesiaan MungBean :

- 1.MungBean vimax 2 / Glossy Green
- 2.MungBean vimax 3 / Dove green  
( Better known as javanese MungBean )

Both MungBeans are divided into two, based on the size :

The small one is usually being smashed used as vegetable in one of indonesian traditional meal ( Pecel)

The Big one is used as MungBean porridge and other kinds of meal.

The product we offer is from East Java and Central Java.
