Palm Acid Resources

An Export Palm Oil Product Exporter Company with an office center in Padalarang, West Bandung Regency, West Java Indonesia.

The company was founded on May 23, 2016, which was founded on Dewa Ayu's Notary Deed Putu Sukartini, S.H., M.Kn in Padalarang, and has been registered at the District Court Class 1A Bale Bandung Date 02 June 2016 with Number 607/2016 with Deed Amendment Number 28 dated March 31, 2017 and registered at the District Court Bale 1A Class Bandung April 3, 2017 with Number 450 Year 2017. This company stands on the progress and development of CV Zata Sukma Pratama previously only supply for domestic needs, with the amount customer demand for export needs for palm-derived products. Then we founded a new company namely CV Palm Acid Resources which already has its own export permit, the Palm Oil Derived Product that we currently handle is such as: Palm Kernel Shell, Palm Kernel Cake, Palm Kernel (Only for local markets), Palm Acid Oil, High Acid Crude Palm Oil, Crude Palm Oil, Palm Fatty Acid Distillation, Glycerine, Fatty Matter, etc. It has been a commitment for us to respond to all requests both locally want to export, specifically our Palm Acid Oil has specialized and professional workers so that it makes a quality and suitable product for export to the country aim. We want to develop this business and cooperate with all parties which is mutually beneficial. If you have any questions, don't hesitate to contact us.
