HISTORY

In 1981 Karya Jasa serve wooden logs cutting. Karya Jasa grew became wooden furniture factory with several employees and many orders came from domestic and foreign countries (America, France, Italy, London, etc.) We decided to expand our factory by built new building next to it.

In 2016, we moved our factory to a better location and we merged two buildings into one to gain easier access.

Our company has also served orders from domestic and abroad, for example: America, France, Italy, London, and another foreign countries.
