

CV. BUANA ALAM RAYA

INDONESIAN ORIGIN PRODUCT

# COMPANY **PROFILE**

AGRICULTURE PRODCUT, RATTAN PRODUCTS, DAMAR STONE (RAW MATERIAL)

# ABOUT COMPANY

CV. BUANA ALAM RAYA was established and registered in 1993 with its main office located in Banjarmasin, South Kalimantan, Indonesia.

This company is engaged in the management of forest and agricultural products such as cloves, cinnamon, gaharu wood, stone resin, rattan and others. In addition to forest products, our company has also begun to develop processed products from rattan and several food products that meet export standards.

in order to meet the demands of our customers, our company is committed to maintaining quality and the ability to supply needs in a sustainable manner.

## Agriculture Product

Agricultural products obtained directly from local farmers and from our own land make us confident that we can sustainably supply our customers' needs.

Of course, by paying attention to the quality of our agricultural products, we can ensure that our products are suitable to be marketed in the global market

Apart from agricultural products, we also have raw material products for making resin, namely resin stones.

## Rattan Product

By fostering local craftsmen, we work together to make some rattan furniture which of course can be adjusted to the wishes of our customers.

# DIRECTOR STATEMENT

## Special Message

This company has been built by my father since I was little, I hope this company can survive in all conditions and can be even greater with the support of all parties.

so that this success can be felt by all levels of society and can grow the economy for the people of Banjarmasin.

Yusuf Adi Saputra

CEO / Chairman

## COOPERATION OPPORTUNITIES

Our company also provides cooperation opportunities for investors in the agricultural sector, especially porang cultivation which is currently in great demand by the world.
