PROCESSING FACILITY

(In Maumere)

PT.ABS Paga Maumere established on 2017 to support the supply of fresh natural raw material from East Nusa Tenggara area. In this facility we complied with CPIB (Cara Penanganan Ikan yang Baik) to be line with Jakarta's HACCP requirement both in Quality control and cleanness standardation. In maumere we engage with more than 500 local fishermen.

OUR CONTRIBUTIONS

SUSTAINABLE FISHERIES AND BUSINESS ACT

PT. AGRITA BEST SEAFOODSUPPORTING
SUSTAINABLE BUSINESS ACT BY :

Purchase and produce only “mature” size octopus by minimum purchasing size 500 gr UP. Pursuing the fishermen to not over fishing “octopus” by fishing only BIG sizes Octopus by giving them BEST DEAL price for 2KG-UP. Improving Sustainable fishing techniques in order to maintain Low cost, healthy and safe life fishing and rebuild overfished stocks, reduce bycatch, and protect essential fish habitats by Introducing new octopus catching tools that have been successfully proven in Japan and Europe which is “Octopus Pot Trap

Maintain quality standard products as we only concentrate in Cephalopod products in our processing plants. Concentrating in long term business and trust from our buyers in a way no cheating, no trick, guarantee assurance. Giving buyer Fair and best price as the efficiency comes to cut off the supply chain cost. Improving the business way as we try our best to maintain our buyers sustainability business as well with their customers.
