CREATING PRODUCTS FOR GLOBAL OPPORTUNITIES

24 - 28
October
2018

ICE - BSD City
Tangerang - Indonesia

For the past few years, Indonesia has achieved a positive trend of export growth in a variety of products and services to the global market, which has to be both maintained and improved further, because Indonesia is also competing with other countries in exploring global opportunities.

To keep on improving national export performance, the Ministry of Trade has been proactive in inviting and bringing in buyers and investors for a direct deal with Indonesian providers of export products and services at the annual tradeshow of Trade Expo Indonesia (TEI).

TEI is an international B2B-focused tradeshow that is designed to boost export product growth and export market expansion. The 33rd TEI in 2018 brings up the theme “Creating Products for Global Opportunities” to promote quality products made in Indonesia for the global market, develop business networks, investment and present showcases of Indonesian premium and best products. Along with the exhibition, TEI also present a series of paralel activities consisting of Trade, Tourism and Investment Forum, Business Matching, Business Counseling, Regional Discussion, Overseas and Local Trade Mission, Export Start-Up Competition and Talk Show.

Expand Your Market Reach with the Best from Indonesia

The 33rd Trade Expo Indonesia presents numerous carefully-categorized products, encompassing Manufacturing Products, Strategic Industry Products, Creative Products & Services, Furniture, Food & Beverage Products, Craft and Lifestyle Products and Local Champion Products.
